Many of our library databases can be accessed remotely while off-campus.

2. Click the Research Databases tab to expand the section.
3. Click on the off-campus link for the database you wish to access.

4. You may get a warning that the server certificate is out of date. Click **continue**.

5. Login using your FalconLink username and password.

   **Florida College Library Database Proxy Login**

   Please enter your username: [blank]
   Please enter your password: [blank]
   [Login]

6. You should now be redirected to the database and can search as if you were on-campus. Note – you should only be required to login once per session. If you have any problems accessing the databases remotely, please contact library staff at 813-988-5131 x210, or library@floridacollege.edu for assistance.
